# 1. Purpose of this document

The purpose of this guideline is to provide practical technical information to potential applicants in preparing and submitting an application for a project proposal for the ICT-AGRI-FOOD 2022 Joint Call.

In order to be able to apply for the call, the applicant must register to get access to the web-based Online Submission Tool for preparing, uploading and submitting a pre-proposal or a full-proposal.

This document supplements the 2022 Joint Call Announcement (please see “Call Documents” at [https://ictagrifood.eu/call\\_documents/44938](https://ictagrifood.eu/call_documents/44938)). It provides all of the additional information needed to submit a proposal successfully.

**FULL PROPOSALS MUST BE SUBMITTED ONLINE BY THE RESEARCH CONSORTIUM COORDINATOR  
THROUGH THE ICT-AGRI-FOOD ONLINE SUBMISSION TOOL AT:**

<https://ictagrifood.eu/node/44929>

**Full-proposals by 15<sup>th</sup> August 2022 (13:00 CEST)**

Applicants should note that the online system may experience high traffic volumes in the last hours before the submission deadline. It is therefore highly recommended to submit the final version of the proposal well in advance of the deadline to avoid any last minute technical problems. Requests for extensions to the deadline due to last minute technical problems will not be considered.

## 2. Application and selection procedure

The Joint Call will follow a one-step submission and evaluation procedure. In-depth information on the timeline, eligibility and evaluation criteria etc. are in-depth described in the Call Announcement (please see “Call Documents” at [https://ictagrifood.eu/call\\_documents/44938](https://ictagrifood.eu/call_documents/44938)).

## 3. Preparatory steps

### Registration

An applicant first needs to create a user account to get access to the web-based Online Submission Tool at <https://ictagrifood.eu/user/register> for preparing, uploading and submitting a proposal.

The registration tool can be found in the upper left corner of the ICT-AGRI-FOOD website (<https://ictagrifood.eu/>).

*Your full name, email and country entered in the registration form are used to identify you in the applications to the call.*

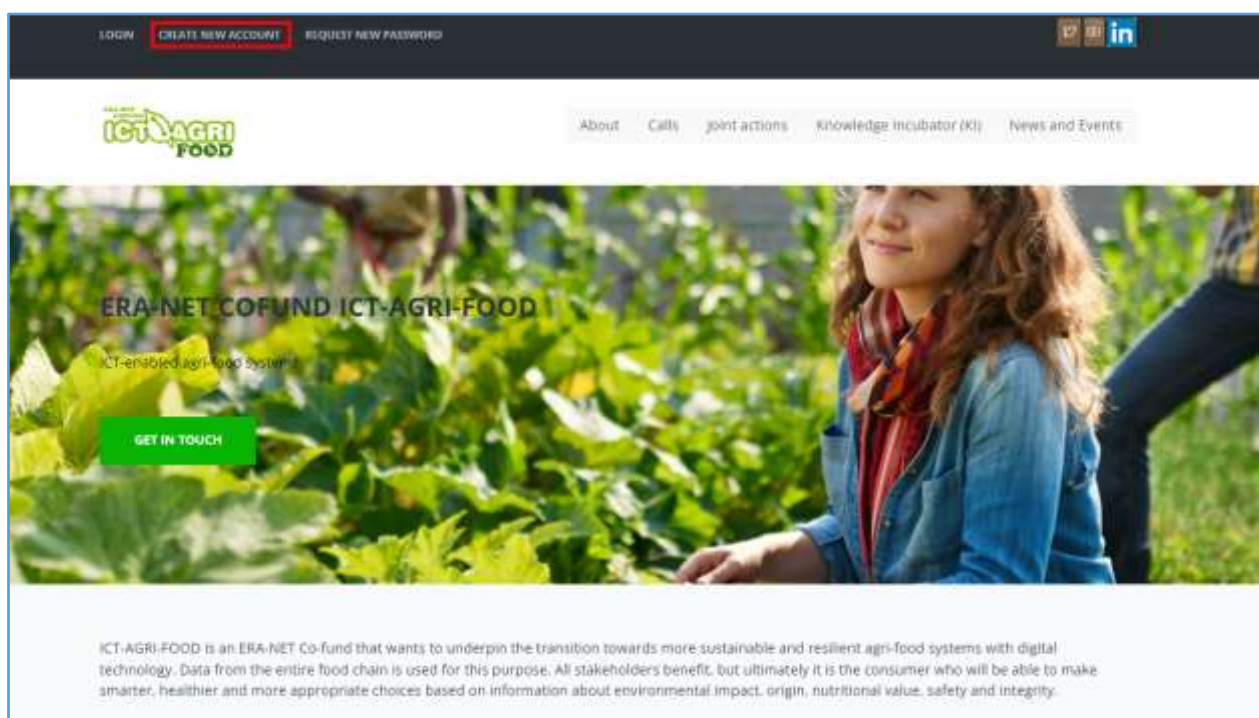

FIGURE 1: WEBSITE VIEW - REGISTRATION PORTAL

Make sure you use a valid e-mail address, as the password will be mailed to you. ICT-AGRI-FOOD needs to validate your data before providing access to the web-based ICT-AGRI-FOOD application. Therefore, make sure to register at least 48 hours before submission.

## Personal data

We invite you to fill in your [personal profile](#). You need to register the organisation or the company you belong to (if not registered yet). In the profile's CV you can add your professional expertise and interests. Take care to include words you would like to be found by, when other people are searching.

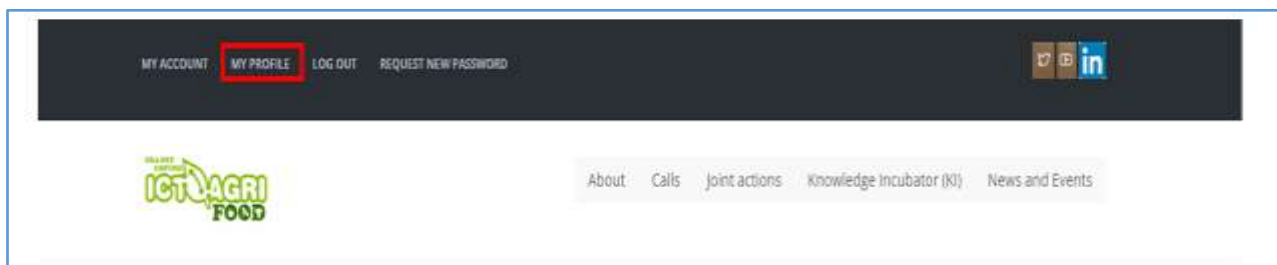

FIGURE 2 WEBSITE VIEW – MY PROFILE

*The information about your organisation or company connected to your profile is used to identify your organisation or company in applications to the call.*

*The ICT-AGRI-FOOD has an online register of the organisations participating in various EU programmes. This allows consistent handling of different organisations' official data and avoids multiple requests of the same information.*

***Please update your organisation or company information (more information are needed for this call)!***

If you don't want to be found in the website, you can disable "Show my data" in your [account settings](#).

FIGURE 3 WEBSITE VIEW – MY ACCOUNT
